3 SEASON TENTS

**PEPPERDINE
SWITZERLAND**

Marmot Tungsten 2P/3P

The Marmot Tungsten 2P/3P Tent is a backpacking tent configured for two or three people. Pre-bent corners on the free-standing tent poles create more livable space on the inside, while the clips attach the tent body to the poles, also increasing inside space. Super simple to set up, so you're not fiddling around too much if you end up having to set up camp in the rain. Dual doors allow you to exit the tent quickly, instead of climbing over your tent partner at 1am for a bathroom break, and the rain fly even includes two vestibules, for plenty of gear storage.

FEATURES OF THE MARMOT TUNGSTEN 2P TENT

1. Marmot Volume Optimizing Structure Provides more Livable Space
2. The Footprint is Included and Protects the Tent from Dirt, Water, and Damage from the Elements
3. Two D Shaped Doors and Two Vestibules Allow for Easy Entrance and Exit
